EDUCATION

Srinivas Institute of Technology

Bachelor of Engineering in Electronics and Communication - CGPA - 8.74

12 2021 – 06 2025

Mangalore, Karnataka

Sri Bhuvanendra PU College

PCMB - Percentage - 92%

06 2019 – 07 2021

Karkala, Karnataka

PROJECTS

Foodigo – Food Delivery Web Application | Django, Python, SQLite, HTML, CSS, JS

05 2026

- Developed and deployed a full-stack food delivery web application using **Django** with customer and admin modules.
- Implemented authentication, cart management, CRUD operations, and **Razorpay** payment integration.
- Deployed the application on Render and handled usage by 10+ users.

Smart Travel Planner | Spring Boot, MySQL, Hibernate, HTML, CSS, JavaScript

01 2026

- Built a full-stack travel planning application using **Spring Boot**, **MySQL**, and responsive **HTML**, **CSS**, **JavaScript** frontend.
- Added features such as complete trip planning, route navigation, hotel recommendations, weather updates, and trip-sharing functionality for improved user experience.

Food Calorie Estimation System | Python, YOLOv8, CVAT, Streamlit, Deep Learning

01 2024

- Engineered a YOLOv8-based food segmentation system using 5,000+ annotated images with **CVAT** and detection using **Python** and **OpenCV**.
- Built a **Streamlit** interface for image upload and display, with calorie estimation for 8 food categories.

WORK HISTORY

KodNest Technologies

Software Development Intern

Sep 2025 – May 2026

Bangalore, India

- Worked on full-stack web development using **Java**, **Spring Boot**, **Django**, **MySQL**, **HTML**, **CSS**, and **JavaScript**.
- Developed project-based applications and gained hands-on experience in backend development, database management, REST APIs, and frontend integration.

Dhaarini Academy

Machine Learning Intern

Nov 2023 – Dec 2023

Bangalore, India

- Deployed and trained ML models using **Python** on real-world datasets.
- Worked with **NumPy**, **Pandas**, and **Scikit-learn** for data processing and model development.

TECHNICAL SKILLS

Languages: Python, Java, SQL

Frameworks: Django, Spring Boot

Databases: MySQL, SQLite

Frontend Technologies: HTML5, CSS3, JavaScript

Tools: Git, GitHub, Docker, Power BI, AWS

CERTIFICATIONS

- Data Analytics – Ethnotech Academic Solutions
- NPTEL – C Programming and Assembly Language
- Programming Essentials in Python – Cisco Networking Academy
- Web Programming (HTML, CSS, JavaScript) – Ethnotech Academic Solutions
